

Francisco Picado is Maria Eugenia Cohen's brother.

Francisco is a technologist enthusiast. He has a big passion for computers, programming, web design and social media.

When the need came up on how to track, manage and streamline the process of Larry's delivery online store, Francisco did embrace the challenge.

After several years of fine tuning The Shipping Department operations, Francisco has designed a sophisticated tracking system that can pinpoint with accuracy an order's whereabouts.

Larry's customers who want to enjoy and learn from his books and DVDs, can rest assured their orders will be processed with the fastest response and the most accurate tracking system, thus ensuring a quick delivery.
