

Cheryl Angel is the manager of the Shrine Center Bridge Club in Livingston, NJ. Her many successes at the bridge table as a player (with nearly 10,000 points) and bridge teacher seamlessly blend with her many years of experience in her own manufacturing business to design and operate a home away from home for the bridge-playing community.

Cheryl is a frequent contributor to Larry's cruises and bridge events in many ways, including serving as Partnership Chair and on-board liaison with Alice Travel.

Cheryl has given back to the bridge community by volunteering her time as a member of the Board of Directors for Unit 140. She 'pays it forward' with her involvement in youth bridge focusing the bulk of her efforts with The Orange (N.J.) Education Foundation teaching children in pre-school and after-school programs and fund-raising. This has helped provide the opportunity for the Orange Education Foundation to regularly send a contingent of children to the North American Youth Championships, the District 3 Summer Regional and Unit 140 Sectionals.
