## Larry's eLessons!

January 22 2020 Vol. 15 Issue #2

### The Future of Bridge

If you receive Larry's eLessons, you already love bridge. That's excellent, but wouldn't it be great if your friends and family loved bridge also? These days, too few people know how to play this great game. The Educational Foundation is working to fix that with exciting projects aimed at bringing bridge to new markets. You can reach out to them to see if you can help spread the gospel of bridge or donate to help the cause. The [foundation](#) also produces articles that can be interesting to players of all levels, like [this one](#) about how Larry learned how to play.

### Article- Lose 'em All

Everyone loves a good catastrophe. If it makes you feel any better, even the best players in the world sometimes have accidents. Larry has written about some of these in the "Telephone Numbers" section of the Learning Center. It's called "Telephone Numbers" because the results have so many digits that they look like phone numbers. Here's one fun example from that section featuring a disastrous result at both tables.
